Product Description

Kitchen Cabinet with Sink "Blue Onion", miniature

The cupboard is a combination of a kitchen cabinet and a sink, with dishes in the golden blue "Onion" design. The onion pattern was developed around 1730 according to Far Eastern models. The kitchen cabinet also contains storage boxes and glasses, as well as cutlery and other items.

For more than 60 years, Reutter have been producing their large porcelain collection themselves. Their porcelain miniatures are the only ones in Germany.

The attention belongs entirely to the detail. Up to 17 times, the porcelain items are picked up during production; they are poured, glazed, painted and fired for the third time until they have their typical Reutter flair. This craftsmanship has brought them friends all over the world.

Reutter are constantly working on rounding off and completing their collection of miniatures. They succeed in consistently inspiring collectors from all over the world.
