Product Description

Advent calendar - Dresden

It is one of the most famous and at the same time the most beautiful landmark of the Elbe city: the "Frauenkirche" in Dresden. In our large-format Advent calendar, this magnificent building is illustrated in great detail - from the window layout to the striking dome to the cross on the church's apex. At her feet there is a lively Christmas market, just like in reality. At the sight you almost hear the seductive scent of roasted almonds, mulled wine and lard biscuits, this typical mixture, which simply belongs to the Christmas season.
