Product Description

Advent Calendar - In the stable of Bethlehem

The Advent calendar with the Christian motive "In the Stable of Bethlehem" brings a contemplative pause in the often hectic pre-Christmas period. Every December day waits with a little door that points the way to Christmas Eve and brings Christmas back to its origins. The Advent calendar thus provides a good opportunity for children to learn more about the background of the famous nativity scene. Why was Maria forced to give birth to her child in a stable? How did the Three Wise Men know about this? These and many more questions can be cleverly answered with this beautifully illustrated calendar.
