Product Description

Christmas Card - Jesus Birth

This winter night they will certainly not forget the children and animals on our Christmas card with the Christian motif "Jesus birth". Why have they gathered in much greater numbers than usual in the yard in front of the stable? Of course: It is about the most important event in biblical history: the birth of Jesus Christ. Each one on the Christmas card is lovingly illustrated, from the apples in the basket to the curious white cat to the central motif with the baby Jesus.
