Product Description

Christmas Card - Carousel

An Advent season without a visit to the Christmas market? Hardly possible, especially since the market offers not only a variety of beautifully decorated Christmas stalls, but also seductive fragrances. And the Christmas market is also a big event for children - after all, there's the magnificent Christmas carousel. Just like a merry-go-round, like the centerpiece of our Victorian christmas card. Pretty, colourful Christmas motifs, lifelike horses and a sweet Christmas melody - candied apples and roasted nuts are already forgotten.
