### Product Description

#### Small cutlery tray

Let us take you into the wonderful world of miniatures. The furniture and accessories are made on a scale of 1:12 and fit wonderfully into every dolls house or miniature landscape of this size. The filigree workmanship and the love for detail give our miniatures their very special Reutter flair.

Reutter uses high quality birch wood and fast growing willow wood. This benefits the environment. Synthetic resins are used to model particularly fine and filigree articles in order to achieve the highest possible level of detail.

Everything from Reutter is created with attention to detail and carefully handcrafted, so that you are guaranteed to always have a small unique piece in your home.
