### Product Description

#### Mini Advent Calendar Jena

Jena, the city of the sciences, is still shaped by the work of the entrepreneur Carl Zeiss. Through him, the optics and precision engineering industry found a home in Jena an der Saale in Thuringia. Our miniadvent calendar shows Jena from a completely different side. Christmas hustle and bustle at the Jena City Museum puts us in the mood for the Advent season. Every day a little window is opened, behind which Christmas pictures are hidden. These awaken memories of childhood days and warm the heart.
