Product Description

Shoe Dry Rack, charcoal

This shoe dry mat consists of a water-absorbing foam mat and two attachable shoe racks. This allows shoes to dry faster. Thanks to its design, the shoe dry mat is very flexible and can be used wherever it is needed most. It is machine washable and can therefore be kept very easily clean. Simply remove the two plastic shoe racks before washing. When the shoe dry mat is not needed, it folds up in no time and does not take up much storage space.

This makes it perfect for the hallway or other entrances in your home, keeping shoes you wear most often dry and always handy. The mat can hold up to 4 pairs of shoes and measures 89 x 33 x 1.5 cm. Thanks to the rounded corners and the modern grey design, it also looks good and is an excellent alternative to traditional rubber mats and plastic dry trays.

The shoe dry mat fits perfectly under the shoe rack (335582) and dries your wet shoes, while the shelf keeps your other shoes. Make winter a little easier with this weather-friendly alternative to the typical entrance mat.

- Designer: Eugenie De Loynes, David Green
- Material: Polyester (main)
- Weight: 300 g
- Colour: Charcoal
- Packaging dimensions (L x W x H): 33 x 23 x 5 cm (13 x 9.13 x 2 in)
