Product Description

Porcelain figures titmice, 10 cm, coloured

Tits are small birds with a strong beak and are often seen in our gardens. Depending on the species, their plumage varies in colour. Some titmice are resident birds, they stay in their habitat all year round. Bring these playful birds into your home!

Wagner & Apel is a traditional manufacturer from Thuringia. A lot of dedication, patience and craftsmanship goes into each model. Far away from industrial mass production, every figurine, every animal sculpture and every single gift item receives the greatest attention. Because it is only by hand that fine porcelain can be transformed into unique favourite pieces.
