Product Description

Porcelain figure Hoopoe, 11 cm, coloured

Special characteristics of the hoopoe are its long, thin, curved beak and the erectable feather bonnet. The body plumage of the short-legged bird is light orange-brownish, wings and tail are banded in contrasting black and white.

Wagner & Apel is a traditional manufacturer from Thuringia. A great deal of dedication, patience and craftsmanship goes into each model. Far away from industrial mass production, each figurine, each animal sculpture and each individual gift item receives the greatest attention. Because it is only by hand that fine porcelain can be transformed into unique favourite pieces.
