Item no.: 351491
shipping weight: 0.90 kg
Manufacturer: Reutter Miniaturen

Product Description

Cheese shop with lighting - Terrace shop series 794

From Parmigiano Reggiano and Cheddar to Gouda, butter cheese and Camembert, to Edam and hand cheese. In our cheese shop you will find everything your cheese heart desires. Many different types of cheese, a suitable sip of red wine, bread as a side dish, and you've satisfied the palate of a cheese lover. A delicious cheese fondue on an authentic wooden barrel invites you to try it. It makes you feel like a happy little mouse in the cheese.

Our patio shutters are made of stained willow and birch wood with stucco elements and movable glass doors. The glass panes are printed with beautiful gold ornaments and protect the little miniatures from dust. The real glass prevents scratching or blinding of the pane. In order to be able to reach the inside at any time, the pane of the shop window can be pushed out towards the top. All patio shutters can be placed or hung up. The practical opening on the back allows you to retrofit LED lighting at any time.

The filigree workmanship and attention to detail give our miniatures their very special Reutter flair. All of our porcelain pieces with gold decoration are hand-painted with 24 carat gold and fired at 800°C. Our miniature works of art inspire people all over the world and often awaken a previously undiscovered passion for collecting.

All our miniatures are handcrafted with dedication and care. Each Reutter miniature is unique and is made personally for you.

The original may differ slightly from the picture. All individual parts are fastened in such a way that they cannot come loose.

Our illuminated miniature shops are equipped with small LED lights. The LED strip is fixed to the ceiling, the cable runs in the door frame and is not visibly tucked away under the shelf. The light can be switched on and off by a slider. From the front, you can easily reach the switch through the open door and there is a slot for changing the battery in the back wall.

2x AA / 1.5V batteries are included.

Our miniature articles are not suitable for children under 14 years.

- Product dimensions: 24 x 9.5 x 21.5 cm
- Weight: 900 g
- 2x AA / 1.5V batteries are included in the scope of delivery
