Product Description

Dresser, decorated, miniature

The dresser is nicely decorated with a mirror, a lamp standing on two books, two bracelets in different colors, perfume bottles in different shapes and a hand mirror. In the open drawer more jewelry can be seen.

For over 60 years, Reutter have been producing their large porcelain collection themselves. Their porcelain miniatures are the only ones in Germany.

During the process of manufacturing, the porcelain items pass through the hands of up to 17 skilled craftsmen: after casting, they are glazed, painted and then fired as many as three times to give them their characteristic Reutter look. It is this tradition of craftsmanship which won Reutter friends all over the world.

Reutter is constantly working on rounding off and completing their collection of miniatures. They consistently succeed in inspiring collectors from all over the world.
