Product Description

Advent calendar "Freiburg"

The advent calendar "Freiburg" shows the Old and New Town Hall. The history of Freiburg began in the 12th century. Freiburg is located in Breisgau, embedded in the enchanting landscape of the Black Forest. Thousands of tourists come to the beautiful town every year and visit the numerous sights such as the Münster. Freiburg is a historic town full of young people studying at the university and colleges.

When you open this advent calendar, you will immediately notice that you are holding an advent calendar from the Black Forest in your hands. Let yourself be surprised by the Christmas pictures and the typical Black Forest pictures when opening the windows. These fit in so well into the architecture in their form, that the oil painting is preserved in its beauty, even if all windows are opened.
