469 - Figure "Milling Machine"

from **56,38 EUR**

Item no.: 328958
shipping weight: 0.60 kg
Manufacturer: Hinz & Kunst

Product Description

Figure "Milling Machine"

The original screw figures and metal figurines are handmade and an ideal gift for all professional groups. This screw figure is a special gift for lathe operators and metal workers. The glasses that each screw figure carries run like a common thread or special trademark of the artist Günter Scholz through the entire repertoire of screw figures. A great gift idea, whether as a birthday present, a Christmas gift, or simply to say thank you.
