Product Description

STEP Soap Dish, white

Who says that household items need only be functional? With the Step soap dish by Umbra you get a functional and at the same time aesthetic product. Step is a simple and modern soap dish with a shiny finish that gives a luxurious touch to any washstand.

Its grooved shelf prevents waterlogging and helps the soap bar dry faster after washing, thus extending the life of the soap. Step soap dish is made of robust and unbreakable melamine and therefore suitable for highly frequented bathrooms. Thanks to its space-saving dimensions of 15 x 10 x 2.5 cm, the soap dish takes up very little space on the washstand.

The soap holder is part of the popular Step bathroom collection created for Umbra by designer Tom Chung. The collection includes soap dispenser (335531), toothbrush holder (335534), toilet brush (335536) and trash can with lid (335537).
