Product Description

HUB 61X91 Rectangular Wall Mirror, black

A wall mirror with an unexpected design element - a rubber frame.

The rubber frame not only contributes to the aesthetics but also acts as a bumper - which makes Hub particularly suitable for high traffic areas such as hallways and bathrooms. Its rubber frame makes it more resistant than traditional mirrors, while giving it a modern and industrial look.

With its rectangular shape and expressive frame, Hub is a visual eye-catcher that is compatible with almost any decor style, whether more traditional or contemporary.
