Product Description

Incense cones African Night M, 20 pieces

World tour - fine fragrances from all over the world.

The exotic fragrance compositions of this series take you on a mysterious journey around the world. Get to know scents from distant countries, which are characterized by typical herbs and plants, such as E.g. tobacco leaves, eucalyptus or lotus blossoms, get their very characteristic note.

Let yourself be embraced by the South African attitude to life: colorful, full of strength and vitality. This mixture of woods, spices, roots and resins smells of warm savannah and exotic flowers. Taste the sweetish accord of jasmine and white orchids, which give the balsamic-spicy incense a touch of the exotic. Papyrus sets dry, woody accents, underlined by orange blossoms and yellow vanilla.

The original Crottendorfer incense cones are made from charcoal, wood flour, potato starch as a binding agent and exquisite fragrances such as resins, herbs, essential oils and much more.

Our specialist knowledge, which has grown over decades and passed on from generation to generation, is decisive for the high level of quality.

Incense candles, incense sticks and incense may only be used on a fire-proof surface and under supervision. Please note that all incense burners can get hot during use. Therefore, always place the censer on a temperature-insensitive surface.

Use a sufficiently large censer for every incense cone size!
