Product Description

Incense cones Bed of Roses M, 20 pieces

Sensual Magic - wellness for the senses

Fine scents and soothing smoke seduce our senses in an extraordinary way. The magic of exquisite ingredients unfolds its sensual magic in the fragrance creations of the "Sensual Magic" series. Whether in the bathroom, in the sauna or while relaxing - with these wellness fragrances you leave everyday life behind you.

Bed of Roses makes you close your eyes and think of the mighty sweetness of summer. The rose beckons seductively, framed refreshingly by lemony notes. In the base, spring green clover, golden honey and a splash of musk swirl around the room to create a wonderful dance.

The original Crottendorfer incense cones are made from charcoal, wood flour, potato starch as a binding agent and exquisite fragrances such as resins, herbs, essential oils and much more.

Our specialist knowledge, which has grown over decades and passed on from generation to generation, is decisive for the high level of quality.

Incense candles, incense sticks and incense may only be used on a fire-proof surface and under supervision. Please note that all incense burners can get hot during use. Therefore, always place the censer on a temperature-insensitive surface.

Use a sufficiently large censer for every incense cone size!
