Product Description

SITA extendable curtain rod 183-365, black

Umbra Sita is an extendable curtain rod with a diameter of 2.5 cm.

Inspired by architectural columns, Sita has simple metal end pieces. The telescopic rod is suitable for numerous window sizes. Made of steel, the curtain rod is robust and has an attractive design. Site curtain rod with a diameter of 2.5 cm is available in various sizes and is suitable for curtains weighing up to 10 kg.

Includes all necessary fixing materials for easy installation. The curtain rod is made with a more environmentally friendly coating. And produces 85% less water and solid waste than conventional galvanic coatings.

About Umbra: Umbra is an international design company known for original, modern, cool, functional and affordable products for home and life.
