Product Description

Design Wall Clock "Glamour Small", Radio-Controlled, Black, 30 cm

The NeXtime "Glamour Small" radio-controlled wall clock has a chic and minimalist design. The clock has a slim black metal case, dome shaped glass, a grey dial and raised black hour indication. This clock brings a Nordic style to your interior, but next to that the time of the clock will be set automatically because of the radio-controlled signal from Frankfurt. You don't have to worry about summer- or wintertime, the clock will set itself to the correct time. The radio controlled signal is send out from Frankfurt and only works for the time zone GMT+1 (CET). This clock is 30 cm in diameter and runs on 1x AA battery (not included).

- Material: Metal
