12,66 EUR

Item no.: 371111

shipping weight: 0.20 kg

Manufacturer: Crottendorfer Räucherkerzen GmbH

Product Description

The origin of the unusual name goes back to a time when many of the Crottendorf farmers could not afford a cow to produce milk and therefore kept goats. The inhabitants of the neighbouring villages then nicknamed the Crottendorf residents 'goat legs'. The wooden figure was given this name because it represents a smoking incense burner. Minor changes in design and colour are possible with our Addi Advent.

Details- Suitable for incense candles of size(s): Mtechnical data- Height: 13 cm
