Product Description

Not just made for hunters. Even without the death of a roaring stag, anyone can finally crown their hunting room with a stylish trophy with these antlers. The stag stays in the forest and your conscience stays clean. The proud red deer is also available in blue, green or pink. At LIEBESREH, we can supply you with hunting trophies in almost any colour and all without a shot. The only thing you can't do without is the crafting fun. With the crafting sets from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly indicated with clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
