### Product Description

Our kitten hasn't seen much of the world yet, which is why he is constantly fascinated by all the things you can discover in the world. As small as he may still be, he is making himself as big as possible to get to whatever has aroused his curiosity. With the LIEBESREH craft sets, you can create large and impressive paper sculptures without any special knowledge. The cutting, folding and pleating of the labelled components is clearly indicated by clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
