Product Description

Incense cones Zen Garden M, 20 pieces

World tour - fine fragrances from all over the world.

The exotic fragrance compositions of this series take you on a mysterious journey around the world. Get to know scents from distant countries, which are characterized by typical herbs and plants, such as E.g. tobacco leaves, eucalyptus or lotus blossoms, get their very characteristic note.

Let the harmonious scents of a natural garden work on you and regain inner peace. Catch dreamy notes of Japanese cherry blossoms and yellow peach, delicately balanced by golden brown cinnamon and spicy cloves. Creamy heliotrope and incense unfold as well as fresh leafy green.

The original Crottendorfer incense cones are made from charcoal, wood flour, potato starch as a binding agent and exquisite fragrances such as resins, herbs, essential oils and much more.

Our specialist knowledge, which has grown over decades and passed on from generation to generation, is decisive for the high level of quality.

Incense candles, incense sticks and incense may only be used on a fire-proof surface and under supervision. Please note that all incense burners can get hot during use. Therefore, always place the censer on a temperature-insensitive surface.

Use a sufficiently large censer for every incense cone size!
