Product Description

The WILDLIFE WORLD globe not only shows the location of continents, oceans, countries and cities, it also provides a fascinating overview of the origin and distribution of our animal world. The beautiful world map and the matching animal symbols were designed by the well-known Taiwanese illustrator Nan-Jun. The 250 millimetre globe is available in blue and pink. It rests on a plastic ring and can also be removed for viewing. The globe is ideal for all animal lovers, especially for our youngest world explorers. Globe with 25 cm diameter, illustrated map with animal motifs, white plastic base, plastic, matt, pink / white. Functional and decorative: children's globe with animal symbols and a total height of 26 cm. The globe rests on a white plastic ring and can be removed to explore the world. Sturdy material, suitable for children's hands - globe won't break if it falls. Attractive design: Matter globe WILDLIFE WORLD (25 cm diameter) with white countries with animal symbols and pink sea, labelled in English, with continents, countries, oceans, geographical zones and animal symbols. Education and learning: Geographical education in a playful way about the origin and distribution of the animal world. Impressive details, designs and high-quality surfaces. Added value: With its realistic details and high-quality workmanship, the globe is not only a decorative element, but also an educational tool for curious minds of all ages.
