Product Description

LESS IS SO INFINITELY MUCH MORE! Oops, here comes COPPA! Completely unadorned and pure. The flawless appearance, which thankfully dispenses with chichi and colour alarm for a change, is right on trend. COPPA has made the tasteful presentation of snacks, nuts, dips, tapas and spices its main task - matt powder-coated on the outside, glossy enamelled on the inside, food-safe and shatterproof. After use, it's off to the drawer, because the three bowls fit neatly inside each other and require little storage space. HOP! Here comes COPPA! Completely unadorned and purely AUFTRIFF simply without chichi and colour alarm - quite nice for a change. In fact, it's already very much back on trend! TASK: Tasteful presentation of snacks, nuts, dips, tapas and spices
