## from **70,61 EUR**

Item no.: 386825 shipping weight: 1.00 kg Manufacturer: Philippi Design

## Product Description

FORGED BLANK STEELOrganic design in its purest form comes to the table. The exceptionally lively shape of the LEAF bowls is accompanied by a rarely seen lightness that is ideal for quick access to fruit. In stark contrast to this is the concrete look, which introduces an architectural component - a sculpture, a decorative element that, in case of doubt, can also be functionless without staffage. Small anti-slip pads underneath prevent accidents. We don't want any tears to flow at the end ...- Material: powder-coated steel- Weight: 1.45 kg- Length: 36 cm- Width: 34 cm- Height: 9 cm
