Product Description

UDry - Dish Drying Mat, charcoal

UDry is an innovative solution to dry dishes quickly and easily. Constructed of durable polypropylene, the lightweight, microfiber mat absorbs water from drying dishes, while also protecting countertops from scratching and water buildup. It is BPA-free and dishwasher safe, making it easy to clean and maintain. Additionally, it can accommodate a large assortment of dishes, glassware, cutlery, pots, and pans, stacking and organizing them to create an all-in-one drying solution. Moreover, it offers the possibility of compact folding. Which makes it easy to stow away, keeping the worktop free and tidy. The space-saving drying mat provides sufficient storage space and at the same time ensures efficient drying.

Features:

- Dish drying rack and mat in one
- Super-absorbent microfiber mat
- Removable dish rack tray
- Folds for easy, compact storage
- Designer: David Green
- Main Material: Polypropylene
- Weight: 0.4 kg
- Colour: charcoal
- Dimensions: 61 x 46 x 4 cm
