105045 - Manhattan bowl L

from **88,29 EUR**

Item no.: 395942
shipping weight: 0.70 kg
Manufacturer: Philippi Design

Product Description

SO FRESH, SO MANHATTANMANHATTAN is, without exaggeration, the first bowl with a skyline. What bends upwards and reliably prevents fruit of all kinds from rolling out symbolises nothing less than the skyscrapers and street canyons of the city that never sleeps. In the grateful absence of all possible Big Apple jokes, it should also be pointed out once again that MANHATTAN is, of course, food-safe. And it also has the potential to become a design classic when used as a tray for serving champagne or aperitifs.- Material: mirror-polished stainless steel- Weight: 946 g- Length: 29 cm- Width: 29 cm- Height: 5 cm
