Product Description

Product description Dive into a world of colour and durability with our two twisted straws made from robust borosilicate glass! Our unique drinking straws are not only a playful eye-catcher, but also particularly sturdy. The twisted shape gives them an appealing look, while the borosilicate glass ensures stability and durability. Enjoy a stylish and sustainable drinking experience with these colourful glass straws! Borosilicate glass is very heat-resistant and can withstand fluctuating temperatures. Once melted down, the material can be fully recycled and reused. Despite its light weight, it is extremely stable and neutral in taste and odour.
