Product Description

Pedalon Colour: Black Matt Size: 56-59 (M) Technical features-Weight: 320g-Designed in Germany-Fidlock-NTA-Insect protection net-In-Mold technology-10 ventilation openings-Visor Product description The PEDALON underlines your modern, urban lifestyle and is the perfect companion for your everyday life. On the way to the office, in your free time and on a sporty tour, with this helmet you are travelling in perfect harmony with style and safety. The urban look in a contemporary design emphasises your independence and enjoyment of your form of mobility. Whether you're commuting to work, meeting up with friends or exploring the city, this helmet will make you look good in any situation. With CE and NTA standards, it fulfils all national and international standards and promises you reliable protection. The helmet is lightweight and will impress you with its optimum fit. The high-quality workmanship and integrated cushioning offer you first-class protection when it counts. A stylish peak, practical ventilation and the integrated rear light for your visibility in road traffic round off the range of functions of your new helmet. FIDLOCK® strap fastener A FIDLOCK® strap fastener makes it ingeniously easy to fasten the strap system securely. Thanks to the combination of magnetic force and mechanical latching, the FIDLOCK® buckle closes almost automatically and can be operated with just one hand. Ventilation and insect net Strategically placed ventilation openings with integrated insect net for optimum ventilation and protection against annoying insects.
