650065 - 3D Bastelset Raptor (MQ6)

from **8,45 EUR**

Item no.: 392125
shipping weight: 0.10 kg
Manufacturer: Eugy

Product Description

Velociraptors are known for their quick speed! In fact, their name derive from the Latin words "velox", which means swift, and "raptor", which means robber! Unlike their notorious portrayal in an iconic pop-culture dinosaur film, they have recently been discovered to have feathers, like our Raptor EUGY! Palaeontologists discovered quill knobs on their skin which indicated their resemblance to birds. At dodoland, we love bringing prehistoric creatures to life with EUGY's because we can use a bit of our imagination for areas that are yet to be discovered - like their skin colour! We are always fascinated by the latest scientific findings of dinosaurs. Good for nature AND for you! EUGY encourage creativity as well as being environmentally friendly. So go on...bring home your wild! We won a Red Dot Award! The Red Dot is the distinction for high design quality. Only products that demonstrate outstanding design are awarded the coveted seal of quality by the international jury. Our core values are goodwill towards nature and life, refined quality and beautiful design. We are thrilled that our beautiful design is now recognised by a respected international design award, Red Dot. Includes Our products conform 100% to international safety standards (EN71-1,2,3 and CPSIA). A EUGY pack contains 7 flat cards with individually numbered pieces, all ready for you to assemble. *Please note that the product is subject to updates without prior notice. The actual product may slightly vary from images. (*below images are sample instruction) How to assemble 1. Push out each piece from the perforated card 2. Apply glue to each piece 3. Assemble in numerical order And..Bring Home Your Wild!
