But a sculpture in the shape of a dog made of balloons will definitely make you smile. And those warm childhood memories too. Koons has created five of these glowing balloon dogs. One of them broke, another was sold for 54 million dollars. And that happens! Why don't you create your own masterpiece that costs less but certainly won't break? And you can paint it however you like.CARTONIC is an easy and fun way to create a three-dimensional model of a favourite object or celebrity to get away from it all, spend time alone or with friends and bring creativity into your life. The set contains cardboard discs made of environmentally friendly material, a wooden base, dowels for attaching the sculpture and instructions. You can leave the finished model as it is or let your imagination run wild and add bright colours, glitter and anything else you can think of. You can find recommendations and ideas for colouring in on the FAQ page and in our social media.
