These mythical animals are a symbol of purity and virtue. They have a white body and a spiral-shaped horn and are mentioned in many traditions of different peoples. Unicorns are endowed with powerful magic and the ability to make dreams come true. Perhaps this is why the most successful start-ups are now fashionably labelled as unicorns? Collect this rare creature and bring some magic into your life. CARTONIC is an easy and fun way to create a three-dimensional model of a favourite object or a well-known personality to escape from everyday life, spend time alone or with friends and bring creativity into your life. The set contains cardboard discs made of environmentally friendly material, a wooden base, dowels for attaching the sculpture and instructions. You can leave the finished model as it is or let your imagination run wild and add colourful paints, glitter and anything else you can think of. Recommendations and ideas for colouring can be found on the FAQ page and in our social media.
