Product Description

In ports like Hamburg, the typical ship's moorers are an integral part of the cityscape. The HAMBURGER STOPPER is modelled on them and is now looking for a new home as a small version. It is too small for big boats, but just right for gates and doors. The door stopper has made it its business to stop doors charmingly and tirelessly. With its 1.4 kg weight including rope, it manages to do so in no time at all - optionally in silver nickel-plated or matt grey galvanised.

Caution: Not suitable for children under 36 months. Not suitable for children under 36 months.
