Product Description

PEGGY Insert for kitchen cabinets and drawers, set of 2, white

Umbra Peggy is an insert for kitchen cabinets and drawers, drawer organiser for storing pots, lids, containers and more in a set of 2.

What makes Peggy so unique are the adjustable bases and the removable pins that can be repositioned at any time. You can decide where to place them yourself, which means you can create the perfect space for your plastic containers and lids, your cookware including pots, pans and lids, your mixing bowls, your cooking utensils and pretty much anything else you want to keep organised. With a matrix of 108 holes and 16 pins in total, there are literally hundreds of available configurations, which means almost unlimited storage space. To ensure a perfect fit, each base can be extended by a further 8.25cm and is fitted with non-slip feet to ensure Peggy doesn't slip.

About Umbra: Umbra is an international design company known for original, modern, cool, functional and affordable products for home and life.
