Product Description

ROOM CLIMATE AT A GLANCE Thermometer and hygrometer combined in a timeless, diamond-cut aluminium housing: TEMPUS conscientiously monitors the ideal (room) climate for restful sleep, which lies at a humidity of between 40% and 60% and a temperature of around 18°C. Maintenance-free and environmentally friendly, it utilises pure physics. The bimetallic coil thankfully requires no batteries - rarely has precise technology looked so wonderfully non-technical. The practical folding stand and the alternative option of wall mounting always ensure good visibility in the home environment. MULTI-TASKING Thermometer and hygrometer grandiosely timeless combined in an aluminium housing with diamond cut FULL CONTROL The ideal (room) climate for restful sleep is at a humidity of between 40% and 60% and a temperature of around 18°C MAINTENANCE-FREE AND ENVIRONMENTALLY FRIENDLY Pure physics is used here - the bimetal coil thankfully requires no batteries
