Product Description

WHAT IS CARTONIC?Cartonic 3D puzzles are the easy and environmentally friendly way to create a real work of art from cardboard. It's a kit of pre-cut cardboard discs, as simple as 1-2-3. During the making process, you literally witness it being created layer by layer. When you're done, you can make your artwork even more unique by painting it or placing it in your home as is. But we should warn you that you might need a new one as soon as you've finished assembling it, because the process is kind of addictive.WHAT IS SO CULT?The legendary Volkswagen T1 with the split windscreen was produced from 1950 to 1967. But it is still revered all over the world. Its younger brother, the T2 VW, is known as the "hippie van". They were cheap, spacious and often painted with extravagant designs in bright colours. All together, this made the Type 2 the unofficial transport of Woodstock '69, and the restored 1962 version of the T1 sold for more than \$100,000! Assemble your minibus model for your personal collection.Details- Quantity:83 pieces- Assembled puzzle size:9.5x8.4x20.9 cm and 3.71x3.28x8.15 in- How long it takes?30 to 60 minutes, depending on the number of details and your willingness to do it as quickly as possible to enjoy the process.
