Product Description

Baker's rack, decorated, miniature

Whether dark wholemeal bread, hearty farmhouse bread, French baguette or sweet raisin bread. This finely crafted bakery rack made of black metal is equipped with various delicious sorts of bread and rolls, high-quality porcelain plates, coffee pot, milk jug and sugar bowl.

Reutter have been producing their large porcelain collection themselves for over 60 years. Their porcelain miniatures are the only ones in Germany.

The attention belongs entirely to detail. Up to 17 times the porcelain articles are taken into the hand during production; they are casted, glazed, painted and fired for the 3rd time until they have their typical Reutter flair. This craftsmanship has given them friends all over the world.

Reutter are constantly working on completing and perfecting their collection of miniatures. They succeed in inspiring collectors from all over the world.
