Product Description

Vegetable table, miniature

Crunchy carrots and cucumbers, two porcelain bowls with fresh salad, a basket of potatoes and a wooden box of fresh vegetables. On the kitchen table made of untreated wood with two drawers and storage space are all these delicious vegetables, complemented by chopping boards, pepper mill and much more.

For more than 60 years, Reutter have been producing their large porcelain collection themselves. Their porcelain miniatures are the only ones in Germany.

The attention belongs entirely to the detail. Up to 17 times, the porcelain items are picked up during production; they are poured, glazed, painted and fired for the third time until they have their typical Reutter flair. This craftsmanship has brought them friends all over the world.

Reutter are constantly working on rounding off and completing their collection of miniatures. They succeed in consistently inspiring collectors from all over the world.
