Product Description

M.W. Reutter - Wall Clock "Peter Hase" Series 668

Our wall clocks are operated by a quartz clockwork and are made of stained willow and birch wood. The real glass pane prevents scratching or blinding and protects the little miniatures from dust. In order to be able to access the inside at any time, the back panel can be removed with the complete contents. All the clocks can be stood or hung up.

The filigree workmanship and attention to detail give our miniatures their very special Reutter flair. All of our porcelain pieces with gold decoration are hand-painted with 24 carat gold and fired at 800°C. Our miniature works of art inspire people all over the world and often awaken a previously undiscovered passion for collecting.

All our miniatures are handcrafted with dedication and care. Each Reutter miniature is unique and is made personally for you.

The original may differ slightly from the picture. All individual parts are attached so that they do not come loose.

1x AA / 1.5V batteries are included.

Our miniature articles are not suitable for children under 14 years.

Product dimensions: 22 x 22 x 7.5 cm with clockwork.
