Product Description

Rose Goblet yellow, miniature

The Rose Cup with yellow roses is always an eye-catcher, no matter where it is placed.

For more than 60 years Reutter has been manufacturing their porcelain collections in their own production facility. Their porcelain miniatures are the only ones of their kind to be manufactured in Germany.

During the process of manufacturing, the porcelain items pass through the hands of up to 17 skilled craftsmen: after casting, they are glazed, painted and then fired as many as three times to give them their characteristic Reutter look. It is this tradition of craftsmanship which won us friends all over the world.

Reutter is constantly working on rounding off and completing his collection of miniatures. They always succeed in inspiring collectors from all over the world.
