Product Description

FANFARE silicone pot coasters, set of 2, black

Umbra Fanfare Silicone Pot Coaster is a non-slip, heat-resistant, dishwasher-proof coaster for pots, pans, plates, bowls, baking trays, coffee/tea pots, plates and more.

This playful kitchen utensil not only looks good, it also brings functionality to your worktop and dining table. Fanfare coasters can be pulled out to form a circle and easily anchored using the built-in magnet. The heat-resistant silicone not only protects your work surface or table from hot vessels, it is also non-slip and leaves no unwanted scratch marks on your surfaces. Clever, modular design.

Fanfare's clever floral pattern allows for a variety of configurations; for large vessels or baking trays, place the coasters next to each other on the surface; for medium-sized vessels, place the coasters inside each other. When fanfare is not in use, it can be folded up in no time and stored in a very space-saving way.

Fanfare is very easy to clean. Either wipe the coaster with a damp cloth or, if necessary, clean Fanfare in the sink or dishwasher. Fanfare is available in a double pack, each coaster has a diameter of 24.7 cm and a height of 1.4 cm when pulled out. For a modern and playful version of the traditional coaster, order Fanfare today.

Umbra is an internationally operating design company known for original, modern, cool, functional and affordable products for home & living.

- Designer: Umbra Studio
- Material: Silicone
- Weight: 200 g
