Product Description

Umbra Twilight double curtain rod, extendable curtain rod with rounded ends for ideal room darkening Transform your room into an oasis of calm with the Twilight Blackout double rod system. The innovative wrap-around design of the curved end pieces ensures that no more light can penetrate from outside. The double rod system is ideal for layering curtains - combine blackout curtains with sheer curtains for a versatile and elegant look. Enjoy better sleep, reduced glare and more privacy with the Twilight blackout curtain pole today. RAUMABDUNKUNG: The innovative wrap-around design on the curved end pieces allows curtains to be drawn completely without gaps on both sides, guaranteeing ideal room darkening EASY INSTALLATION: Twilight curtain pole is supplied with all the fixing materials required for easy installation. The set includes metal curtain rod with two decorative end pieces, screws, plugs and installation instructions VERSATILE DESIGN: The innovative double rod system allows you to hang two sets of curtains at the same time for maximum flexibility. Ideal for layering, it is suitable for various curtain styles such as eyelet, loop, ruffle tape and drawstring curtains. This allows you to customise any window decoration to suit your taste. STABLE AND DURABLE: Made from robust, high-quality metal, this curtain pole offers reliable durability and stability. It is ideal for light to medium-weight curtains up to a maximum weight of 10 kg and is perfect for any room in your home.
