Product Description

Umbra Twilight curtain pole, extendable curtain pole with rounded ends for ideal room darkening Transform your room into a quiet retreat with the Twilight Blackout curtain pole. Twilight's wrap-around design at the curved ends eliminates any light penetration as the curtains can be drawn completely closed on both sides without any gaps. Twilight is ideal for bedrooms, children's rooms or media rooms and enhances privacy, improves sleep and reduces glare. The elegant, matt finish complements any interior, while its robust construction supports curtains up to 10kg. RAUMABDUNKUNG: The innovative wrap-around design on the curved end pieces allows curtains to be drawn completely without gaps on both sides, guaranteeing ideal room darkening EASY INSTALLATION: Twilight curtain pole is supplied with all the fixing materials required for easy installation. The set includes metal curtain pole with two decorative finials, screws, plugs and installation instructions VERSATILE & STYLISH: The sleek, matte finish complements any decor, while adjustable brackets are suitable for different curtain styles such as loops, eyelets, ruffle tape and drawstring STABLE AND DURABLE: Made from sturdy metal and suitable for light to medium weight curtains up to a maximum of 10kg. Perfect for any room in your home
