### Product Description

CAPYBARA Cartonic 3D PuzzleWHAT IS CARTONIC? Cartonic 3D puzzles are the easy and eco way to create a genuine piece of cardboard art. It's a pre-cut kit of cardboard slices, as simple as 1-2-3. During creation, you will literally witness its formation layer by layer. Once you're done, you can make your artwork even more unique by painting it or enjoying it as is in your home decor. But we should warn that you might need a new one right after the assembly because the process is kind of addictive. WHAT'S SO CULT? The first African-American president of the United States. He ended military involvement in the Iraq War and handled the economic recovery from the deepening worldwide recession. The world remembers his words: "We are the change that we seek." Want to invite him over to see what's inside his head?
