Product Description

Umbra Flute extendable curtain pole with 25 mm diameter With its clean lines and fluted ends, the Flute curtain pole gives your windows a sleek, modern look. Designed to complement a wide range of curtain styles, Flute offers both function and style with its adjustable length and sturdy metal construction. The subtle details give it just the right amount of character without distracting from your decor - perfect for bedrooms, living rooms or anywhere you want to add a finishing touch. The 2.5 cm diameter Flute curtain rod is adjustable and fits a wide range of windows (107-305 cm) and supports curtain sets weighing up to 10 kg. To support the maximum load capacity of 10 kg, installation of the supplied centre support bracket is required. COMPLETE MODERN CURTAIN ROD SET: Flute comes with everything you need for hassle-free installation and is suitable for curtain sets weighing up to 10 kg. DECORATIVE WALL MOUNTING: With a modern metal rod with a diameter of 2.5 cm and elegant brackets for an attractive look. SUITABLE FOR A VARIETY OF WINDOWS: The extendable telescopic rod fits a wide range of window sizes (107 to 305 cm) EASY TO INSTALL: Flute is easy to install and comes with all the necessary fixing materials
